23 April 1951

Chief, Procurement & Contract Division

Assistant General Counsel

Purchase Order No. 51-3356 (PO/PCD 1002)

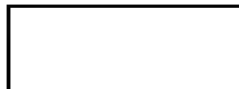

re request of   
for filing application for letters patent.

25X1A

Contractor requests Government's consent prior to filing the application inasmuch as subject matter may possibly involve the unauthorized disclosure of classified information, bringing it within the provisions of the Espionage Act (18 U.S.C., Chapter 37).

Invention here concerned was in the nature of an improvement and not of such particular character as to require any contribution by CIA with respect to design or function.

\*\*\* filing of patent application will be normal to Contractor's activities and will in no way adversely affect the national security through an improper disclosure.
